## PEÑASIN

Siliconized paste for yards

Page 1 de 1

Silicone-based concentrated product for the protection of works of all kinds. The PEÑASIN is recommended, mainly, to replace lime, in yards walls or other similar faces..

The PEÑASIN is of a inferior quality to the plastic painting, however, it can give a good result in most of the cases, since initially drains the rainwater so that it does not let penetrate the humidity of the same one.

### Features

Color	White and colors on request
