PEÑASPORT POOLS

Acrylic Paint Specially Designed for Pools - Anti-Algae

Page 1 de 3

Water-borne paint formulated with a combination of acrylic emulsions that grants it good flexibility and hardness, as well as an extraordinary resistance to water and to weather, with all the advantages of having water as the only thinner.

To be highlighted: its excellent adhesion on old oil-borne, acrylic or chlorinated rubber-borne paints, provided that they are clean and have good adhesion, so it is highly recommended for swimming pools and sports facilities. PEÑASPORT POOLS contains fungicides and algicides that protect from algae and mould.

Features

Color	White and blue <i>pools</i> and other colors under request
Finish	Satin
Specific weight	1,35 +/-0,05 gr./cc.
Viscosity at time of packaging	80 K.U. to 25° C
Fixed matter %	58% +/-2
Solids volume %	42% +/-2
Theoretical coverage	7 to 9 m ² /kg per coat (minimum 2 coats)
Wet-film recommended thickness	90 micras per coat
Dry-film recommended thickness	40 micras per coat
Dry-to-touch time	40 to 60 minutes
Pool filling	7 days minimum
Recoat	10 to 12 hours minimum. No maximum limit
Thin with	Clean water
Presentation	1, 5 and 20 kg cans
Conservation	Keep away from extreme temperatures

Application

New surfaces or old surfaces not painted should be washed with a dilution of hydrochloric acid in water at 10%, and then rinse abundantly with water. Allow to dry at least two days. On painted surfaces, loose parts must be removed and surfaces should be subsequently treated as in the previous case.

Metal surfaces must be primed with chlorinated rubber primer. Once the surface is prepared, a first coat of PEÑASPORT POOLS will be applied, diluted in 10% of water. For the following hands, apply the product as it comes (or slightly diluted 5% at most). Do not apply when air and surface temperatures are below 5° C or above 35° C.

It can be applied by brush, roller or spray.

We recommend not filling swimming pools or tanks until at least 7 days after its application.

Composition

Water, especificies acrylic emulsions, minerals, titanium dioxide, pigments and additives chosen for this paint.

For domestic use only. Keep out of reach of children.
